Membership ICMNM (International Community Microsoft Non Managed Partners)

Only with this flyer will you get €100 discount: For only €199 a year instead of €299 you can attend the Microsoft World Partner Conference in Orlando 2015 and another major Microsoft event in 2015.

According to an international survey we conducted, in January 2014, with 500 Microsoft Non Managed Partners, 90% pointed out that they would not attend a major conference and/or the World Partner Conference because it is too expensive.

Are you a Microsoft Non Managed SMB Partner and do you lack time or budget to attend these events? Become a member of the International Community Microsoft Non Managed SMB Partners for a very low annual fee and we will attend these events and collect the right strategic and business information for you.
